Thursday, September 13th Senior Day at Lake Metroparks Farmpark

JUNE OUR PAGE

Many of our centers members have been asking, who are our new board members, what will they do for the center and what improvements do they hope to make. and to have their permission to print them during the coming months. I asked them all a series of questions and decided it would be more interesting if I just put them together in a short paragraph.

MAXINE HUTCHISON

When asked why she ran for the board Maxine replied that she was asked to. She thinks it is more complicated with more responsibility than she thought. She is happy with the way the center is and she thinks it is a very friendly place . Maxine believes we would all be more like family if people joined more activities so that we would all feel part of something Maxine give's about twenty hours in the exercise room, Wanda's table and she is now the flea market planner. She say's she thinks we are all adjusting well to the big change in the past year.

Thank you Maxine

MICHELLE SLOKAR

When asked how she came to stand for the board, Michelle said she was talked into it. She say's she would like more information as she needs to learn. She would like to see more control and order in the center, and more participation by the members. Michelle also feels that volunteers need to be more physically involved. She say's she gives one hour per week to water plants. To round out, Michelle say's she is very happy hear and there are lots of things to do.

Thank you Michelle.
